Ultimate Kickball

The team up to kick is trying to score as many runs as they can each inning. Once a runner is on 2nd or 3rd base, the base runner has a choice to "capture" a flag or continue around the bases toward home. On the kick, they are allowed to run off the base and try to retrieve one of the four flags. If this choice is made by the base runner, they are no longer safe on a base and must run to home plate without being tagged by the ball. If they are successful in making it home, they have scored 3 runs for their team and that flag is out until the switch in the inning.
